

## pH BOND

preps the nail beds by dehydrating and removing all oils;  
use before rubber base coat, nude rubber base & base coat

## BASE GEL

bonds with the natural nail and provides adhesion for your gel polish

## RUBBER BASE: acid/acid free

has an extra flexible nature that will allow your nails to bend just like they normally would without polish, meaning they will not break easily

## 5% UREA AND VITAMIN E, 250 ML

The innovative formula of the hand cream with 5% of urea, almond oil, vitamin E and glycerin guarantees ideal moisturizing, regeneration and care of the very dry and irritated skin.

## 5% UREA AND VITAMIN E, 30 ML

The innovative formula of the hand cream with 5% of urea, almond oil, vitamin E and glycerin guarantees ideal moisturizing, regeneration and care of the very dry and irritated skin.

## MILKY VANILLA, 250 ML

Rich formula of Milky Vanilla Hand Cream will regenerate, moisturize and also rebuild your epidermis, so that you can enjoy the beauty of your hands.

## FOOT CREAM ULTRA WITH 5% UREA, 250 ML

Softening 5% urea foot cream based on a mixture of peach kernel oil and lanolin that not only have oiling, nourishing and smoothing properties but also protect the skin and support its regeneration.

The foot cream contains 5% urea that softens and oils the horny layer of the skin, protecting it against external factors, plus it exhibits a soothing effect.

## FOOT CREAM ACTIVE, WITH 15% UREA 250 ML

Softening 15% urea foot cream based on a mixture of peach kernel oil and lanolin that not only have oiling, nourishing and smoothing properties but also protect the skin and support its regeneration.

The foot cream contains 15% urea that facilitates exfoliation as well as increases permeability of the horny layer, allowing penetration of active ingredients deep into the skin, plus it exhibits a soothing effect.

## FOOT SCRUB, 100 ML

Regenerates corns and cracked heels and deeply exfoliates the skin, preparing it for more intense absorption of active ingredients. The exfoliating particles effectively remove the hard and callused skin. Linseed oil supplements the lipid barrier, avocado oil softens and soothes irritations, and glycerin binds water in the epidermis, moisturizing and protecting the skin against excessive dryness as well as soothes and improves elasticity. It is especially recommended for feet prone to excessive hardening and thickening of the epidermis.

## LISA KON

Nail Artist and  
Lisa Kon brand founder

Lisa Kon is an LA-based nail artist and top-level specialist in Russian manicure.

She is a trend setter in the nail industry, she has the highest qualifications and stands behind the most viral celebrity manicures, creates unique designs and owns her own line of professional nail products. Nail technicians all over the globe look up to her expertise, main Hollywood celebrities trust their hands to Lisa and rely on her beauty vision.

She is not merely a nail technician, she is an artist. A manicure from her is a true work of art. She has studied for many years, different techniques, searching various sources for information, trying lots of methods, analysing each step trying to figure out all the advantages and disadvantages here and there, before she found her exceptional formula what includes high quality, sharp technique and high speed.

Now she is teaching and inspiring others.

Her clients like Taika Waititi, Rita Ora, Miranda Kerr, Zendaya, the Kardashian's family, Kendall Jenner, Kylie Jenner, Hailey Bieber, Shailene Woodley, Christine Quinn are obsessed with her unique and professional work.

If you want to know how to improve yourself, Lisa is ready to help you out. She has created and organized her own manicure classes, she would love to share all information which she had discovered for many years.

Lisa's story is a Russian way of the American dream coming true. Her passion in manicure turned into a multi-business: two nail studios, her own brand of professional products, an online-store and school for nail artists. Obsession for beauty, aesthetics and creative approach helped her to scale her business's and become a worldwide famous expert in the nail industry.

The quality of service and Lisa's unique approach instantly conquered all of LA. World- famous celebrities and influencers like Kendall Jenner, Hailey Bieber and Miranda Kerr became Lisa's clients.

The art that Lisa creates on the hands of celebrities immediately becomes a trend that thousands of people wish to recreate, fresh photos of her work are instantly published in press and beauty profiles on social media.

The key secret is when Lisa collaborates with her client, she creates new styles and designs according to tastes and preferences of each person. That's why manicure by Lisa Kon is a unique beauty ritual.

Working in beauty has become not just a way of making money but a personal mission. The big idea is to make a change in the industry, implement and develop the Russian manicure in the US and pass on her experience to other nail technicians.

Her own brand, Lisa Kon, has its own niche. The Lisa Kon brand focuses on both nail artists and clients and stands for high-quality and easy-to-use products, various color palettes, trendy shades, long-lasting gels and coats. Lisa Kon online-store has all necessary tools for work.

Distribution is now in 6 countries.

The unique Russian technique of creating an amazing manicure is taught by Lisa at her own school. All nail technicians at Lisa Kon Lab have masterclasses from Lisa personally to provide best service and quality. Lisa's school is a way to help technicians to improve qualifications and to learn secrets of celebrity's nails. Lisa Kon manicure is embodied not only on famous influencers' hands but on the hands of beloved girls all over the world.
